Training for Govt. Doctors, MBBS

Department of H & FW, Govt. of Odisha has adopted a multi pronged approach to reduce maternal mortality. A large number of health institutions are being upgraded to functionalize as First Referral Unit (FRU) for providing Emergency Obstetric Care (EmOC). In order to address the shortage of specialists at FRUs, multi skilling of MBBS Doctors in Anaesthesia and EmOC is being tried out.

Applications are invited from interested and committed State Government, MBBS doctors who have served for more than 3 years in periphery and have at least 10 years of service to retire from the State Government for the multi skilling training as mentioned below. After successful completion of training, the trained Doctors will be posted to FRUs and other designated Health Institutions. All the trained doctors need to render services for at least 5 years at FRU. The selected doctors for the training need to sign a bond before joining in the training. The entire cost of the training will be borne by NRHM, Odisha. The trained doctors need to appear in the final examination/ test at the end of the training for successful completion of the course.

The details are as follows:

Name of the Training	Duration	Place of training	
		Medical college and Hospital	District HQ Hospital
EmOC Training	Total 16 weeks of training	7 weeks at Medical College and Hospital	9 weeks at Designated DHH
Anaesthesia Training	Total 18 weeks of training	12 weeks at Medical College and Hospital	6 weeks at designated DHH

All interested MBBS doctors are requested to apply to the **Mission Director, NRHM with a copy to the respective CDMOs in prescribed format available at www.nrhmorissa.gov.in** or it may be obtained from CDMO Office or DPMU, NRHM by 20th Jan'12. You can also apply through e-mail to nrhmorissa @ nic. in. For further clarification you may contact Sr. Training Consultant, NRHM (0674-2392480/88) or Sr. Manager, MH, SMCSC (0674-2391219, 2391221).
