**Terms of Reference (ToR)**

National Rural Health Mission (NRHM) of the Ministry of Health & Family Welfare (MoHFW) was launched on 12th April, 2005 by the Government of India to improve medical facilities in the country. From 2013-14 onwards the NRHM programme has been subsumed under the umbrella programme of National Health Mission. NHM is overarching NUHM and also includes Communicable and Non-Communicable Diseases (NCD) as well. The NHM seeks to provide accessible, affordable and quality health care to the population, especially the vulnerable sections. It also seeks to reduce the Maternal Mortality Ratio (MMR) in the country from 167 to 100 per 1,00,000 live births, Infant Mortality Rate (IMR) from 40 to 30 per 1000 live births and the Total Fertility Rate (TFR) from 3.0 to 2.1.

2. One of the visions of the Mission is to increase public spending on health from 1.3% to 2-3% of GDP, with the improved arrangement for community financing and risk pooling. The NHM has provided an umbrella under which the existing Reproductive and Child Health Programme (RCH), various National Disease Control Programmes (NDCPs) and Non-Communicable Disease Programme (NCDs) have been repositioned. National Urban Health Mission (NUHM) has also been added as Submission of National Health Mission.
